Subject: Fwd: Emailing: Holly's new home and friend

Hi Merna

Thanks for sending out Holly's heartworm vaccination document and desex certificate, is she is up to date with her other vaccinations? Has she received the 12 month booster?

I'll send on the dog tag as soon as possible.

Holly is already like part of the furniture and has settled in well to our family and loves playing with her new play mate Sonny. Sonny is an avid swimmer in our pool, Holly was very reluctant to join him for a swim until last Sunday when she finally took the plunge. I've attached a photo for you :)

Many thanks

Kellie
